ABOUT ME

I am currently a stay at home mother, 6 years now, to 3 children. Most might not believe it to be hard work, but with it comes a lot of responsibility and great deal of patience. During this time I have become great with many skills and developing them further. I am a fast learner and work great with others. I am also very creative and love to improve my skills often.

EDUCATION

Certification of Completion

SheCodes
Jan 2023

WORK EXPERIENCE

○ Mar 2017 - Present
Stay at Home Mother

Homemaker
As a stay at home mother, I learned many valuable skills such as, teamwork, multi-tasking, managing my home from finances, time, organization. While I was staying home, I also decided to learn web development / programming on top of my daily duties.
